Experience the story of the Titanic in ways you have never imagined. This educational Exhibition presents more than 250 artifacts recovered from the ocean floor and exquisite interiors that re-create the magnificence of the doomed Ship.

The story of the Titanic has never been more poignantly and passionately told than through the actual objects, words and images of the 2,228 passengers and crew whose lives she changed forever.

Docked through October 15th at The Miami Museum of Science & Planetarium.
